DETAILED ACTION

Election/Restrictions

Claim 1 is directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 16-18, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on February 27, 2005 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

Claims 1-3, 5-10, 12, 13 and 16-18 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art of record, either singularly or in combination, does not disclose or suggest the combination of limitations including a transparent film covering and contacting the opening region, said transparent layer having an upper surface opposite the opening region, wherein said upper surface has a concave region formed therein above the opening region.

Regarding claim 12, the prior art of record, either singularly or in combination, does not disclose or suggest the combination of limitations including the steps of: forming a transparent film so as to cover and contact the opening region, said transparent layer having an upper surface opposite the opening region; and forming a concave region in the upper surface of the transparent film.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

Applicant's arguments, see page 7, 4th paragraph and page 9, last paragraph of Applicant's Remarks, filed June 26, 2008, with respect to claims 1 and 12 have been fully considered and are persuasive. The rejections of the pending claims have been withdrawn.
